

## What have our pupils said about our school?

If you are worried about something, you can go to the teacher and tell them about anything that is bothering you.

During my 7 years so far that I have been here, I have found my true personality and some great friends.

We are very grateful to have a huge school with lots of resources.

There are lots of roles at this school. You can become a prefect, travel ambassador and lots more.

All the teachers have been very encouraging towards our learning, ensuring that we understand their methods for future questions.

There are many opportunities to go on trips and discover new skills and facts.

I have achieved great things, such as becoming an amazing musician and artist.

The teachers are very friendly, and will help your child to quickly settle in at our school.

I am very happy to be in William Torbitt.

During lunch breaks, all children are thoroughly taken care of by staff.

From Nursery to Year 6, I have always felt confident, involved in everything. But most of all, I have always been happy.

In Year 5, your child has an opportunity to go on a trip to Norfolk for a week. They will find out more skills, which could be helpful in the future. In my opinion, I loved it!
