

What have parents/carers said about our school?

'Good to know school provides a happy and enjoyable place for the children to be.'

'My child loves to go to school and sometimes he wants to go on a Sunday and Saturday.'

'I agree that all children and parents are treated equally and with respect, and I can notice this when I go to pick him up.'

'I would not ask for anything better. I get the information I need and the school gets me involved in activities.'

'Children in the playground in the morning and after school all look very happy.'

'I think it is important that any issues that arise are dealt with at an early stage, which they are at this school.'

'It is very evident that the school is managed by a very enthusiastic, determined head teacher. The school feels like a 'happy place' to be, and this is clearly filtering down to the teachers and children. I love that my child reminds me to eat lots of fruit and veg because that's what she's taught to do at school.'

'All of the teachers and helpers are very friendly, as well as the office staff.'

'My child is doing very well.'

'I am really pleased with the progress that my son has made at his school, especially his teacher. XXXX has always got time to listen and help my son.'

'My child has been more challenged and achieves more than we expected.'

'My grandson has had a very happy time at William Torbitt, and has gained confidence, particularly over the past three years.'

'As my son leaves the school in 2 weeks time, we have come to realise how important a part it has played in developing his overall personality.'
