- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The School Premises \(England\) Regulations 2012](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

4.1 In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives.
- If emergency services are required, an SLT member will be informed.
- If emergency services are called, the Welfare Officer /relevant member of staff will contact parents immediately.
- The first aider will also decide whether the injured person should be moved or placed in a recovery position.
- The first aider/relevant member of staff will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents.
- If a pupil is seriously injured or has a head injury, but is deemed well enough to stay in school, the parents will be informed via a telephone call, the teacher will be notified and a letter will be sent home.
- If a child incurs a minor injury, such as a small graze, phone calls will not be made home, however teachers will be informed and will notify the parent/guardian at the end of the day.

4.2 Off-site procedures

When taking pupils off the school premises, staff will ensure they always have the following:
