

Follow -up to sounding out and reading 3 letter words.

ALIEN WORDS!!

Alien words are nonsense words /silly words -they are not real words and they don't make sense. You read alien words in exactly the same way by saying the sounds and joining them together eg. kuh ...eh...duh.....ked .Alien words check that your child knows the letter sounds and understands how to join them together (it is not possible to recognise an alien word by sight/memory because it is made up). Have fun!
