19th October 2020

Dear Parents and Carers,

As you will have heard, cases of Covid 19 are on the rise across the country. Redbridge, along with the rest of London, will fall under the Tier 2 Alert Level, otherwise known as 'High Risk'.

As such this seems to be a good time to remind all members of our school community of the precautions we have put in place in and around the school to ensure that we minimise the risk of a breakout and the impact this would have on the health and work of pupils, parents/carers, and staff.

School Entrances & Exits

- Please wear a mask when on the school site (unless you are medically exempt)
- Please follow the one-way system at the start and end of the day, including only using the entrances and exits as they are signposted (please see below)
- Please try and maintain social distancing between your family group and others
- Please do not send children to school if they are exhibiting any of the following symptoms;
 - o A high temperature – this means they feel hot to touch on the chest or back.
 - o A new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours
 - o A loss or change to their sense of smell or taste

If you or your child display any of the above symptoms please inform the school and apply for a test.

(Please note – family members of an individual who has been asked to self-isolate do not need to do so unless that individual is/becomes symptomatic. As such, where a parent or sibling has been instructed to self-isolate but does not display any symptoms other children in the household may continue to attend school)

Thank you again for your continuing support in keeping our community safe – together we will get through this!

Kind regards,
The Torbitt Team
